

Rogaine Ireland 2025 Event Report

The 2025 Rogaine Ireland event took place over the weekend of Sat 14th and Sunday 15th June.

The event which is hosted by [Setanta Orienteering Club](#) was included in Adventure Racing Ireland's Team Adventure Race series for teams for 2.

The 24-hour option started on Saturday at 2pm and the 6-hour event started on Sunday morning at 8am with both events concluding at 2pm on Sunday.

Participants had to visit controls sites to accumulate the maximum number of points within the maximum time allowed with varying points awarded (100 to 400) for each control site visited.

With severe penalties applied to those finishing after the 2pm time limit there was no room for over ambition by those competing.

The event was held in the area to the north and west of Laragh / Glendalough primarily and offered 43 different control sites over a wide area of open mountain primarily with limited road and track route choice options particularly for those doing the 24-hour event.

Controls were pre marked on a laminated A1 sized 1:15,000 scale map with 5 m contour intervals which was specially produced for the event.

The 24-hour flagship competition was held in testing "Irish Summer" conditions with relatively warm temperatures but frequent heavy showers on the opening afternoon and evening which led to high river & stream levels and this effected route choice and limited crossing points of the bigger rivers on the area covered by the map.

Winners of this event overall for the 2nd year in a row were ARI members Eoghan Carton & Rory Arnott with an accumulated score of 9400 ahead of 2nd placed team of Patrick Ward & Brian Keogh on 7600.

All of these were on teams that featured prominently in ARI's recent Beast Adventure Race.

Other ARI members were to the fore in the pairs team section of the 6-hour event with Adrian Hennessy & Paul Mahon the first overall team on 3300 points, Maeve O Grady & Sarah Galligan winning the female pair section with 2600 points and Ger Kelly & Richard Dalton winning the mixed pair section on 1900 points

The event concluded with a substantial & sociable BBQ and prizegiving with prizes being hand crafted by ARI member Hilary Jenkinson of [Cranmor Pottery](#)
